

HUMAN TRAFFICKING AND SEXUAL EXPLOITATION PRAYER REQUESTS

Human Trafficking is a violation of a person's most basic human rights and is often described as modern-day slavery. It generally operates in three forms: sexual exploitation or sex trafficking, forced labour trafficking and trafficking of human organs. The most common type of human trafficking is commercial sexual exploitation.

PRAY FOR/THAT GOD WOULD:

Tear down strongholds and ideologies that are working against ending human trafficking and that normalize the sale of sex
Hold people who abuse others through exploitive labour to account
Thwart the plans of those who would exploit others in their vulnerability by taking their organs and/or selling them
Expose the truth of the evil of HT and exploitation of people
Expose how our sexualized culture and porn addiction is feeding into exploitation of our own people
Disrupt and destroy this crime with His truth and freedom, for it is "for freedom" you have set us free

THE CHURCH

Raise up the Church to understand this issue with clarity and compassion and not assume it's someone else's fight
Give each member of the Body of Christ a clear understanding of how God wants them to respond and contribute to preventing human trafficking
Courage to influence our culture to turn away from slavery and toward freedom
Give us the wisdom and courage to let politicians and leaders know that this issue is a priority
Engagement in ministering to those directly impacted by the crime

CANADA

Strength and wisdom to not be burdened by a yoke of slavery.
A nation free of human slavery
Make HT initiatives a priority
Guidance, wisdom and integrity for our politicians to correct legislation or dismantle laws that aid sexual exploitation
Help leaders make courageous decisions and to "set the bar" to ensure righteousness and justice are upheld
Make Alberta a "city on a hill", a beacon for the rest of our country on this issue of human trafficking
Allow the light of truth to shine and influence change even in the darkest places.
